

Say Toronto Firms Are Big Users Of Newmarket Main St.

A resolution was passed by Newmarket town council on Monday evening requesting the provincial government to maintain the present Toronto and York Roads Commission system, "as it is felt that the share Toronto contributes to the maintenance of the roads operated by the commission is only fair, having regard to the benefits Toronto receives from the good roads leading to that city and to the further fact that these roads are largely used by Toronto citizens and by business firms in Toronto to secure business in the surrounding territory."

"As you know, there is agitation in Toronto to abolish the Toronto and York Roads Commission," said Mr. F. A. Lundy, who introduced the subject. "Their chief objection is that they are obliged to pay for suburban roads through urban municipalities."

"Newmarket Main St. is maintained by the Toronto and York Roads Commission. Newmarket did not get a fair deal on this road. It was of experimental construction, and it has not proven satisfactory."

Mr. Lundy told the council that rural municipalities do not receive a rebate on their roads but that urban municipalities do provide no maintenance or reconstruction work is needed on the roads. He stated that Newmarket has never received a rebate as repair work as it heaves up every spring.

"The rebate is supposed to be spent on the roads," commented Mayor Dr. L. W. Dales.

"Mr. Evans and I have insisted that, if it ever comes to the place where Main St. comes back to us, it shall first be rebuilt and put in

BORDEN TURNS BACK NEWMARKET SQUAD

By GEORGE HASKETT

The commando hockey machine from No. 23, Newmarket, was unable to secure a toe-hold on the second rung in the armored corps group at Barrie arena on Monday. No. 2 C.A.C.T.R. from Camp Borden took the measure of Newmarket by a 10-6 score.

ST. JOHN'S PUPILS ARE TROPHY WINNERS

At the annual meeting of the Newmarket Horticultural Society, held in the Sunday-school room of Trinity United church last week, the following officers were chosen: Honorary presidents, Aubrey Davis, G. L. Manning, Hon. W. P. Mulock and J. S. Law; past president, W. S. King.

President, Norman Williams; 1st vice-president, Rev. Henry Cotton; 2nd vice-president, Rudy Benis; secretary, Miss Hilda C. Tumblety.

Directors (for one year), J. Gibney, L. P. Cane, R. L. Boag, Wm. Curtis, Miss Florence Cole; directors (for two years), Mrs. E. Brammer, Bernard McFale, Orley Hayes, Bohmer Groves and Chas. Harmon.

Referring to the work done by the society during the past year, Mr. Williams said that 75 shade trees had been planted along town streets, flower-boxes had been placed at public buildings and shrubs planted about the various schools.

"We started a nursery at the south end of the town," he stated, "in it we planted some 1,000 seedling trees."

Mr. Cotton reported that there had been about 280 entries in the juvenile shows and that the "victory" gardens carried on by the school children had been successful. He asked parents to teach their children to love trees and flowers.

"I can see Newmarket transformed into a beautiful town," stated Mr. Cotton. "Our next work is to see that the grounds of the various churches are made beautiful."

Mr. Harmon reported that there had been four flower shows in the past year and that in each show there were many beautiful entries.

Mr. Williams told the gathering that the society had been particularly pleased with the enthusiasm shown by the school children concerning victory gardens and the juvenile shows. He announced that the beautiful painting, a northern scene painted by a Newmarket artist, W. J. Hopkinson, and given by the Office Specialty Co. to be competed for by the various elementary schools annually, had been won by the pupils of St. John's separate school with a percentage of 114.

He complimented that school on its fine work during the past year.

Nick McCrea received the trophy and expressed the thanks of the pupils of that school. The King George School came second in the competition with 69 percent, Alexander Muir with 49 percent and Stuart Scott with 19 percent.

Musical portion of the program was supplied by Eileen Jackson and Helen Epworth, who played two lively piano duet numbers. Lois Geer sang a delightful old English number, "Linden Lea," and Mrs. W. F. Armour played a beautiful and difficult piano solo.

An interesting and educating illustrated lecture on "How to Beautify Home Grounds" was given by John Clark. He showed ugly garden corners that could be filled with beautiful flowers and shrubs.

MRS. ROBERT DAVIS WAS ACTIVE WORKER

Mrs. Robert Davis died at her home in Mount Albert on Monday, Jan. 31, as the result of a stroke.

Born in Whitechurch township on Aug. 12, 1885, Ethel Pearl Buckindale was a daughter of the late Elizabeth Staley and Amund Buckindale. She married Robert Davis in 1909.

Mrs. Davis had made about 70 quilts for the Red Cross and was greatly interested in flowers and the Horticultural Society. She was a good community worker. Mrs. Davis attended the Baptist church.

Surviving besides her husband are one son, Ernest, Mount Albert, two daughters, Mrs. Ken Jarvis (Flora), Lansing, and Mrs. Norman Wilson (Viola), Ottawa, one brother, Bert Buckindale, Orillia, and two sisters, Mrs. Woodard and Mrs. Tuck, Orillia.

The pallbearers were H. Leadbetter, W. Dike, Ken. Ross and Ed. Haligh.

Mr. Cox of the Gospel hall conducted the funeral service at "The Chapel," Mount Albert, on Wednesday, Feb. 2. Interment was made in Mount Albert cemetery.

Mrs. James Hillier was in Toronto on Tuesday attending the funeral of the late Mrs. Wm. Collins.

REPLY TO REQUEST

A letter from Gray Coach Lines, stating that their drivers had been instructed not to operate the buses where they will damage Newmarket boulevards, was read at a town council meeting on Monday evening. The letter was in reply to a request from the council.

Incinerator Is No. 1 Need, M.O.H. States In Health Review

Samples of Newmarket water taken from the same domestic tap recently tested A and B, although all water is chlorinated, Dr. J. H. Wesley, M.O.H., told the town council on Monday evening.

Dr. Wesley said that the water had to be chlorinated because the water supplying the new Strigley St. well "comes from veins that supply many local wells, many of which have been adversely affected by the large stream of water going to our new Cotter St. well."

The cause of impurity found in a tap sample, Dr. Wesley said, might have been "some pollution getting into the town mains at the time of the break at Prospect and Strigley Sts. in December. In order to prevent any contamination of the town mains at the time of a break flushing out freely should be done. It is as easy to pollute all the water in the town mains at the time of the break as it is to infect the whole blood stream of a patient while doing an appendix operation with dirty hands."

Dr. Wesley expressed concern about the bacteria and colon bacilli found in samples from the milk supply. "The shortage of skilled and unskilled labor on the farms and dairies has contributed to the lowering of the milk quality, thus increasing the attention to measures for keeping the quality of the milk to a satisfactory standard."

"With the exception of two cases of chicken-pox, the town is free of communicable diseases," Dr. Wesley reported. Dr. Wesley reported the toxoiding for

BRAMPTON BULLETS LAY LOW BASIC 23

By GEORGE HASKETT

Coach Stewart's intermediate hopefuls of No. 23 hit the road to Georgetown, home ice of the Brampton Bulldogs, on Thursday to contest leadership of the armored corps group. In a hectic, rough and ready contest the Brampton gas-house gang turned back the Newmarket route-marchers by an astonishing 10-2 margin.

In an excitement-packed knock-em-down, drag-em-out donnybrook, the Bramptonites slashed their way to a four-point lead in the group. Tempers were hotter than a July scorcher, with the Brampton boys drawing the censur of the fans for their rough-house tactics. It would have brought back fond memories to the old-timers of the Metropolitan league shiny days.

The Redmen came out of the contest with two on their casualty list, Bacon, a rookie on the defence going out at the middle mark of the second, when "Joiner" McComb hammered him to the ice with the stick. Johnny Callanan also turned out with a casualty with a sprained wrist and no doubt will be lost to the Redmen for the balance of the season.

This will be a tough blow to the Redmen's aspirations, as the like-able Callanan has been a top performer all season. McComb for his attack was tagged with a match-misconduct penalty and was banished for the balance of the contest by whistle-tooter Ernie Wortley.

For 20 full minutes the Brampton Bullets were playing five men to six, and except for two-goal scoring excursions by the fast-stepping Wally Zukl, the canal town army men couldn't capitalize on their manpower advantage. Both Zukl's efforts were unavailing.

The Redmen tried out a replacement goal custodian in the second and third chukkers, Marleau taking over the back-stopping duties. This lad may prove a find with a couple of games under his belt. Jack Life was shoved up on the front line and handled his new post well. The old razzle-dazzle kid, Jack Wheeler, and Bert MacNair handled the blue-line traffic throughout and were kept mighty busy.

The injury-riddled Newmarketers found the going tough against a stonewall rear-guard thrown up by Vern Ayers and Young at the blue-line and the almost unbeatable blocking of Abrams between the uprights. Innarelli grabbed off the scoring honors, bagging three goals and a lone assist. McLaughlin starred at mid-field while the Bullets were short-handed.

P.M.G. SPEAKS

Hon. W. P. Mulock, K.C., M.P., postmaster - general, will speak at a meeting of Newmarket Liberal Association in the Boy Scouts hall, the former Bugle Band hall, Cedar St., on Monday evening at 8 o'clock. The election of officers will be held and other general business transacted. President Joseph Vale will be in the chair.

CAMP BOYS DEFEAT BORDEN SPORTSMEN

Newmarket camp drill hall was the scene of a well matched athletic meet on Tuesday evening when boxers from No. 3 C.A.C.T.R., Camp Borden, clashed with the boys from No. 23. Newmarket boxers took three out of five bouts.

In a basketball clash between No. 2 C.A.C.T.R. and the camp, Newmarket won 33-20. Robinson was the top scorer with 11 points.

Through the courtesy of Frank Tunney, Toronto wrestling promoter, Frank Hewitt, Jan Gotch, John Eyrroff and Al. Korman, well-known mat artists, staged two sensational exhibition bouts. Tunney was the third man in the ring. The large crowd roared approval for the behemoths throughout.

The results of the bouts were as follows: 128 lbs., Tpr. Witworth, No. 3, defeated Tpr. Thornton, Newmarket; 128 lbs., Tpr. Souliere, No. 3, defeated Tpr. Baldwin, Newmarket; 153 lbs., Tpr. Dugan, Newmarket, defeated Tpr. Migneault, No. 3; 147 lbs., Tpr. Sandburg, Newmarket, defeated Tpr. Olynik, No. 3; 130 lbs., Tpr. Holden, Newmarket, defeated Tpr. Seocov, No. 3; 135 lbs., Tpr. Ganny, No. 3, defeated Tpr. Hayden, No. 3 (both of Camp Borden).

COUNCIL ASKS HEALTH PLAN FOR SCHOOLS

Newmarket town council passed a resolution on Monday evening asking "the minister of education of the province of Ontario to consider the desirability of encouraging health inspection and education of our youth in public and high schools by regulations compelling such a program in all provincial schools by all school boards under the direction of the board of health, that the charges of such a program be considered as charges against the local school boards, that a provision be made to charge back to outside municipalities the necessary charge for their pupils and that the province contribute to the program on the same basis as to other educational costs."

The resolution was prompted by a letter from the Newmarket Home and School association asking that a public health nursing service be considered by the council or that a physical and dental examination be given to Newmarket school pupils in 1944.

Dr. J. H. Wesley, M.O.H., who was present at the meeting, said that he was in full accord with the suggestions of the Home and School association but felt that the council should wait for the policy of the new provincial government before taking any steps.

"Examination of the pupils can't be done because of shortage of doctors and dentists," said Dr. Wesley.

"The Education act permits dental care in the secondary schools and it can be charged into education costs," said Reeve F. A. Lundy. "They are considering amending the act to include public schools. There is nothing in the act to charge outside municipalities for dental care given to outside pupils attending high school. They are asking that the act be changed and dental care be made part of the cost of education."

"I am in favor of school health inspection," said Mayor Dr. L. W. Dales. "It would be a very fine thing if this could be made part of educational costs."

THUS ENDS ANOTHER JUNIOR HOCKEY HOPE

By GEORGE HASKETT

Newmarket's junior boys bowed out of the 1944 hockey picture on Friday evening when they dropped their final scheduled fixture at the Whitby band-box, going down before a seven-goal barrage from the Ontario county town, while plugging up only three scoring markers themselves.

For two periods, on a soft, slushy ice surface, the canal towners kept pace with the blue and white sweatered crew but fell by the wayside in the final chapter as the Whitby boys came through with a quartet of scoring efforts. The junior Redmen stormed in and around the Whitby citadel throughout the final session but found the home-team's net-minder, Kilnuck, locked up for the night as he kicked, blocked, caught or otherwise turned aside the Redmen's offerings.

He must have had a pocketful of rabbits' feet. During the Redmen's gangling attacks the Whitby crew took advantage of back-ways to put the game away, roving through for four markers, two coming in the last minute.

Mike Cosgrove racked up the first scoring play for the Newmarketers as "Irkey" Ross and Johnny White worked in close to give him an opening. "Barney" Peterman was responsible for the second early in the middle frame, as Frankie Provost dumped a pass out to him. "Barney" made no mistake with a quick back-hander.

Kenny Roach, from Montreal's east side, holding down the right-wing berth for the Jimmy Walker band, counted the Redmen's final scoring unit, with an assist by his contending partner, Peterman.

Herman Easterhouse did yeoman service at the blue-line all evening, blocking many of the blue and white team's sallies, while Harry Caradonna came up with several last-packed rink-long rushes.

Dillon, the left-winger, was just poison to the canal town aspirants, nothing no fewer than five of the evening's tallies. Heffering and Harden picked up the other two scoring units.

So down goes the curtain on 1944 hockey activity in this ballwick.

Newmarket goal, "Red" Palmatier, of the Easternhouse Harry Caradonna; centre, "Irkey" Ross; wings, Johnny White, Mike Cosgrove; alternates, "Fink" Tunstead, "Barney" Peterman, Kenny Roach, Frank Provost; sub-goaler, Grant Blight.

Grit Takes Pro-Con Nomination, Says Old Parties Not Square

In what was one of the largest North York Conservative gatherings in some years Earl Toole, Fine Orchard, former warden of York, was chosen to represent the new Progressive-Conservative party in the next dominion election, in Newmarket town hall on Saturday.

Gazing over the audience of over 500 people, including 320 delegates, one of the speakers, Frederick G. Gardiner, rector of Forest Hill Village, stated: "The shades of old Herb. Lennox must be happy today, as this hall has not seen as large a convention since the times when he won the nominations."

Three candidates informed Earl Desmond, M.P.P. for Kent, who was chosen as chairman of the nomination committee, that they would accept the nomination. Mr. Toole was chosen by a vote of 51 per cent. He had been nominated by Stanley E. Osborne and John Richardson. The two defeated candidates were Harry Terry, 6th concession, King, nominated by Harry Muirhead and Lorne Allison, and Rev. N. Clark Wallace, Woodbridge, nominated by Thos. Plunket and Norman Estrander.

Mr. Toole, a former Liberal, stated in his address that he believed that the voter should be influenced by principle rather than loyalty to a party. He said that he stood behind the policy and platform of the party's leader, John Bracken, and he believed that "a strong hand is needed to guide the destinies of this nation through these uncertain times."

"I feel that a case for the arising of new parties which challenge the old ones is that the people of Canada have not had a square deal with the old ones," he stated.

"I am a busy man," stated Mr. Toole. "But if our boys can sacrifice their lives for their country then surely I can give of my time to help the cause here at home."

He added that he would endeavor to carry out the policy of Mr. Bracken to the best of his ability, but that without the backing of the electors he would be helpless. "I can't do without you," he stated. "The responsibility rests with you to back Mr. Bracken, and, with your help, I have no doubt of the outcome."

Rev. George Dix, Mount Dennis, who was nominated by J. C. Young and Miss Lillian McNeil, informed the chairman of the nominating committee that he was declining nomination as his home was in South York. He had been a candidate for the Reconstruction party of 1935. He also contested the 1940 election.

"We have to be careful that we keep our connections with the motherland," Mr. Dix stated. "That is a question that is bound to come before us. We are all anxious to retain our connection in the Commonwealth. We must remember that it was Britain who saved the world. We also want the problems that come after the war solved. And there will be great problems after the war."

"So often after the elections the common people are forgotten," he said. "The farmer is often forgotten, because the people of great wealth come into power. Unless the common people are satisfied with the legislation provided them, we are going to have trouble to come."

Frank O. Reeves, Weston, also declined nomination. He was nominated by Arthur Wells and Miss Rita Train.

The third nominee, J. D. Sibbald,

COUNCIL SELLS LAND FOR FACTORY SITE

A resolution, providing that part of Concession St. running south from Huron St. be closed, was passed by Newmarket town council on Monday evening.

The section of the road is being closed in order to provide a factory site for the Geo. D. Bender Casket Co., which is now located in a Dixon, Pencil building. Owing to shortage of space in the Dixon factory, Mr. Bender will have to move, Councillor Joseph Vale stated. Mr. Bender is considering the erection of a \$10,000 factory, Mr. Vale said.

Another resolution, providing for the sale of the land to Mr. Bender for \$100, was also passed by council.

OVERCOME BY GAS

Mr. and Mrs. E. H. Adams and Mrs. Roy Sanderson and her baby daughter, who make their home with Mr. and Mrs. Adams, were overcome by gas fumes at their home, 30 Park Ave., on Sunday evening.

The ventilation was entirely cut off when a loose brick fell into the chimney, which was believed partially blocked.

The fumes were not noticed by the family until the baby collapsed. Mrs. Sanderson and Mrs. Adams also collapsed before they were able to get out of the house. They are better again now.

Mr. Adams had been ill in bed with pneumonia and bronchitis all last week. Dr. L. W. Dales attended the family.

Blood Is Needed, Next Clinic Will Be Feb. 18

(By Mrs. G. E. Case, Newmarket Red Cross)

The lists of wounded appearing daily in the press are a challenge to every Canadian remaining comfortably at home in Canada. Visualize what lies behind every name in the list of wounded and you will see in most cases a fighting man weak from loss of blood.

One man, severely wounded, may need 20 transfusions to restore health and help his wound heal. That means 100 donations of blood for one man alone.

The blood bank must be kept full. The next opportunity for Newmarket and district to serve in this most vital way comes Friday, Feb. 18. Phone 187, or register at the town clerk's office and you will get an appointment for the next blood donors' clinic.

WILL IT CONTRIBUTE TO PEACE?

The air is full of discussion of how the Germans and the Japanese (there is no more concern about the Italians) can be punished for their misdeeds. There is no suggestion that the wiping out of German cities may be a form of punishment, however inadequate. We stiffen our enemies in their resistance by threats that still more terrible reprisals will follow the conclusion of the war. In our determination that justice will be done to the guilty we Canadians appoint to a United Nations atrocity commission a lawyer who is noted for his partisan outlook.

In all that we propose to do in the settlement of this war our test should be: Will it or will it not contribute to lasting peace? In determining the guilt of nations we should bear in mind that the Germans in their desire to rule are much like us, their cousins, the Britons, who boast that we "rule the waves" and actually rule a substantial portion of the earth's surface as well. We should remember that the Japanese were getting along happily enough by themselves until we (Uncle Sam with gun-boats) insisted 90 years ago that they mix with the world. The Japanese learned the ways of civilization fast, and defeated China in the nineties and Russia ten years later, though backward enough to allow Russia an easy peace. Then, Uncle Sam, who had been insistent that the Japanese should mix with the world, began to impose immigration restrictions against the Japanese. Canada has done likewise. We may look on Japan as a hornet's nest that we have stirred up. We wanted to trade with Japan, but we didn't spend enough money on Christian missions to Japan, and our own Christianity failed in our attitude toward the Japanese.

In undertaking to determine and punish the guilt of enemy individuals, whether they be soldiers or civilians, the United Nations are creating a precedent in the settlement of wars, one which we should not like used against ourselves after some future war. The danger can be seen in the threat of the Germans to try Allied airmen as having committed atrocities. They would get about as fair a trial as Germans

(or Russians) tried in Russia are getting or will get.

The only hope of an enduring peace will lie in our application of Christian principles to that peace. We won't find much about revenge in the teachings of Christ. We do find some ideas about removing the beams from our own eyes, about forgiveness and loving our enemies. These ideas not only work, but they are the only ideas that do work, in solution of the age-old human problem of getting along together.

WHAT OTHERS THINK

TEMPERANCE EDUCATION

(Rowmanville Canadian Statesman)

It is not generally known that one of the things which contributed to continuance in power of John Bracken for almost 21 years as premier of Manitoba was his stand on temperance. Of all the prime ministers in Canada, provincial and federal, during peace years, he alone went ahead with a practical plan of education on the drink problem. Mr. Bracken, himself a temperance man, and by the way, a non-smoker too, didn't go around making election speeches on temperance; he tackled the problem. Our information in the matter comes from a report in the Christian Science Monitor, published in Boston, Mass., which is one of America's finest newspapers. Here is a summary of the report:

W. D. Bayley, director of temperance education for the province of Manitoba, was in 1924 a member of the Manitoba legislature and began speaking to school children about the facts of alcohol and intemperance. In 1927 he was appointed to his present position. He states: "The official who sponsored and put through a state appropriation for alcohol education was John Bracken, then premier of Manitoba." Like many Canadian specialists, Mr. Bayley was called to the U.S.A., where for ten years he introduced the plan in many centres from coast to coast. Then, in his words:

"Last year, in further discussions with Premier Bracken, I agreed to come back to Manitoba and am now engaged in extending and enlarging the plan there. There are 225 high school centres in the province. We reach over 100,000 children annually, and evenings lecture to parents, teachers, ministers, scout leaders and welfare workers. The Manitoba government finances the plan and I am also permitted to lecture in other provinces." This scheme gets right to the grass roots of an age-old problem. Mr. Bracken, characteristically, has not mentioned this publicly; in his bid for federal power. It is not his way. But we believe people, generally, no matter of what party, will support a man of his outstanding, humanitarian qualities.

TO THE EDITOR

Editor, The Era and Express: I will try to follow up Sir William's history. His testimony is something for us all to think about. He always feared God and tried to keep His commandments. He always turned to the right in business. Sir William's word was as good as gold. He made a good start in life. While he was young he always tried to have good thoughts. That meant so much to Sir William.

Sir William lived on Pearson St. with his good mother. My father lived about a mile south of Sir William on Pearson St. I think they knew each other quite well at that time. My father was about ten years older than Sir William. I am not quite sure if they used to catch fish together in Bogartown stream.

I was born not far from Bogartown, where Sir William caught suckers in the spring. When I grew up to be quite a big boy my father told me about Sir William's life, how he got along. It was remarkable how Sir William prospered in life in a short time. He worked by the sweat of his brow to make good. I would like to tell Sir William my father's older sister lived to be 101 and two brothers nearly made the mark of 100 years old. They died in the old country.

Forty-one years ago Sir William was running a large greenhouse on his farm, just a little west of his house. The late Joe Newton was his greenhouse man at that time. It was a beautiful sight to see in the winter months, flowers of all kinds, fresh lettuce and radish all winter long. Sick people in Newmarket and Aurora received flowers to cheer them up. Sir William had good thoughts in his mind for the rich and poor. They all got flowers. Sir William kept a lot of black ponies and there were all kinds of squirrels in his little forest near the house winter and summer. Some years he had thousands of barrels of apples. I think most of them at that time went to the old country.

When the voting time came on I heard my father say it was very exciting in those days. The Quaker people would hang together like a flock of sheep and vote for Sir William. I think the wolves that got in on the little flock of Quakers do not seem to be as strong as they were 50 years ago.

Sir William has been a great help to the Newmarket Friends church for some years. They have all appreciated his kindness to them. We join in wishing Sir William good health and many happy days to come.

He is loved by all and he shows his love to us all. We all pray that God will bless Sir William in his years to come and may God keep him within His love and care. Yours sincerely, Peter Brown.

VANDORF BOY WINS ORATORICAL TROPHY

Margaret Haliday, Asbury, won the Dr. J. P. Wilson trophy for juniors, Billy Kingdon, Vandorf, won the J. M. Walton trophy for intermediates, and Hazel Campbell, Newtonbrook, won the Dr. S. J. Boyd trophy for seniors, in the oratorical contest at the North York Temperance Federation annual convention at Newtonbrook United church on Friday.

The executive and delegates discussed in the afternoon the work of the past year and made plans for the coming year. Rev. Richard Whallam, of the Ontario Temperance Federation, brought words of encouragement to a round-table discussion.

The oratorical contest was held in the evening. Mrs. Elmer Starr, Pleasantville, was in charge of the young people's work during the past year and saw the fruits of her work when 17 contestants prepared addresses or recitations. Two were unable to take part because of illness.

Entrants were: up to 12 years, Jane Roycroft, Headford; Wilma Adair, Newtonbrook; John Pugh, Lemonville; Donald Graham, Vandorf; Margaret Haliday, Asbury; Ruth Boudway, Unionville; Nancy Hiltz, Unionville.

Twelve to 14 years: Lorne Mainprize, Keswick; Garnet Rae, Lemonville; Bob Connor, Newtonbrook; Billy Kingdon, Vandorf; Joan Mainprize, Mount Albert; Shirley Gartshore, Sharon.

Fifteen years and over: Hazel Campbell, Newtonbrook; Harold Madill, Vandorf; Helen Card, Asbury; Florence Brownberger, Ringwood.

Judges were Rev. W. N. Wallace, B. Moulton and Dr. K. J. Henry, all of Toronto. Dr. Henry gave a criticism of subject matter and delivery.

A chartered bank is the custodian not only of your money on deposit but also of your secrets concerning that money;

A CHARTERED bank is an institution where the details of your bank account are kept secret.

It is called "chartered" because its permission to do business and the conditions and restrictions under which it may do business, are contained in a charter granted and kept up-to-date by parliament, the finest democratic free institution of government that man has yet devised. This charter is an Act

of Parliament laying down all of the conditions which safeguard your money.

Ten competing chartered banks are the very opposite of a State Monopoly such as would come about if all the banks were rolled into one by nationalization. Under State Monopoly, if you failed to get accommodation at the one bank, you could not go to any one of nine others to seek it. You can today;

DON'T EXPECT TOO MUCH OF NURSE—CASE

An art exhibit, including the work of Newmarket artists, will be held by Newmarket public school board and the Home and School association March 1-4. Chairman Mrs. J. C. Edwards said at a public school board meeting in the council chamber on Friday evening.

A written suggestion of Mrs. M. B. Seldon that greater time should be given to the study of music was discussed. Trustee L. H. Bovair asked Principal H. A. Jackson if there was only 20 minutes per pupil per week given to music.

"Each teacher's timetable has 15 minutes a day for music," said Mr. Jackson.

"That is in addition to Mrs. Seldon's time," asked Mrs. Edwards.

"Yes," Mr. Jackson said. He added that grades five, six, seven and eight have a half an hour instruction by radio on Friday afternoons and that the record-players are used by the teachers.

"How much time is given to arithmetic?" asked Trustee Dr. G. E. Case.

"That varies with the class," said Mr. Jackson. "In mine it is about an hour a day."

Members of the board asked whether Mrs. Seldon was music teacher or music supervisor, but did not agree on an answer.

"Rural schools in Whitchurch have half an hour from the supervisor," said Trustee Norman Williams.

Mrs. Seldon's letter was referred to the management committee.

Mr. Bovair, on behalf of a nominating committee, made the following report: finance committee, Case, Williams, Edwards; management, Edwards, Bovair, Woods, Rendius; property, Bovair, Williams, Rendius.

A report from Mrs. O. P. Hamilton, attendance officer, stated that during 1943 she had made 76 calls at homes in cases of truancy or suspected truancy. She had issued 12 employment certificates after investigation.

In answer to a question from Trustee Mrs. A. H. Woods, Secretary R. L. Pritchard said that board discussion of salaries for next year should take place before budgeting but that contracting with the teachers did not take place until May.

Mr. Bovair reported on repairs and improvements needed in the school buildings as noted on a board tour of the schools. The report recommended removal of two trees at the King George school grounds.

"As a horticulturalist I am opposed to cutting any trees unless necessary," said Mr. Williams.

"The two trees in discussion are dying and they are in the way of the children playing ball."

Mr. Williams asked how often the fire inspector visits the schools.

"In one school I found the hose in very bad condition. Also some of the hose were tied up so that they would be difficult to get out in a hurry."

Mr. Pritchard said that the fire inspector, Joseph Brammar, made an inspection every summer, and that the fire underwriters made inspections.

A letter from the Home and School association asked "support in this matter," and enclosed a copy of a letter to Dr. J. H. Wesley, M.O.H., stating that "a public health nursing service is needed in the Newmarket schools, and failing this that each child should receive a medical and dental inspection during 1944," and requesting that Dr. Wesley forward the request to the town council.

Mrs. Woods drew up a resolution of support for a public health nurse but other members of the board thought that the board should wait until the town council had dealt with the request.

Asked for his opinion on medical and dental inspection, Trustee Dr. G. E. Case said: "Inspection by itself isn't worth anything. Unless you are prepared to go ahead and do something, the inspection is worthless. Unless you are going to do something about dental defects, the dental inspection is worthless."

"You will find tuberculosis, thyroid, you'll find lots of things. Mothers know about teeth, tonsils and adenoids but they are short of money."

"You think that a nurse would help educate the public," suggested the chairman, Mrs. Edwards.

"A little, not much," said Dr. Case. "Our health standard in Newmarket is high. I don't see many children going around looking undernourished. And 90 per cent of our women have taken Red Cross nursing courses."

Mr. Bovair thought that Mrs. Woods' resolution suggested that there was no health teaching in the schools, and asked Principal H. A. Jackson if there were.

"Yes, extensively," said Mr. Jackson.

"I don't believe that our teachers are qualified to teach health," said Mrs. Woods.

"If a nurse can hold a well-baby clinic that is helpful," said Dr. Case. "There is more of a field for a nurse where there is a large foreign-born population. There is a field here for a nurse, but if you expect a nurse to teach you'll be disappointed. It would take ten years to get results."

"We have to start some time," said Mrs. Woods.

"I think that we should have a health clinic when the time comes," said Mr. Bovair. "How many children know nothing about health and come to school dirty?"

"About eight," said Mr. Jackson.

"I believe that the town council and the board of health are working on something right now," said Mr. Williams.

"Would a public health nurse help the doctors?" Mrs. Edwards asked Dr. Case.

"Not a particle," said Dr. Case. "All a nurse can do is work under you."

On the motion of Mr. Bovair and Mr. Williams the resolution was "shelved" for the present.

"I think that the first move should come from the council," said Mr. Williams.

"I'd like to see a clinic and a nurse," added Dr. Case.

Principal H. A. Jackson's report for January showed 832 days lost because of illness and 140 days lost for "unlawful" reasons.

Mr. Williams asked about children of the King George school

Mount Pleasant, Feb. 3—A number of Mount Pleasant people were guests of Mr. and Mrs. Fred Longhurst on the occasion of their 50th wedding anniversary, on Jan. 29.

The annual meeting of the Mount Pleasant church was held on Saturday afternoon.

playing hockey on Victoria St. He said that he had seen a child nearly run over there.

Mr. Jackson understood that the town council had given permission for children to play there and that barricades could be erected if necessary. Mr. Pritchard said that the council would allow only partial barricading in order to slow down traffic.

The board discussed the grade two classroom at the King George school with 43 pupils.

Mr. Bovair asked if 35 was the ideal. Mr. Jackson said that it was but that the law would permit up to 50 pupils. He said that with 43 pupils it was crowded.

"What about half of the children attending in the morning and half in the afternoon?" asked Mrs. Edwards.

"I'd like to study it," said Mr. Jackson.

"Have there been 40 pupils to a room before?" asked Mr. Bovair.

"There have been 38, 39 and 40," said Mr. Jackson. "I think that it is a temporary situation."

"Would you change it now?" asked Mr. Williams.

"No," said Mr. Jackson.

"I would take the advice of Mr. Jackson," said Mr. Williams.

Mr. Jackson said that he had been giving this year on report cards for his own class actual percentages and the relative standing of each pupil, whether first, second or twenty-second. Parents and pupils liked it, he said.

Mrs. Woods thought this retrogressive. "We are trying to develop personality, co-operation rather than competition," she said. "This studying to pass examinations doesn't qualify people for the world."

When I was a teacher I taught to pass examinations, just as Mr. Jackson says that he is, but now that I am a parent I would like to go back and rectify my error."

Dr. Case was unsympathetic with what he called the trend of recent years to make education easy. He thought that competitive examinations were typical of the difficulties of life.

Mrs. Woods raised the question of "opportunity classes" to provide part-time manual instruction for pupils whose aptitudes were inclined to be mechanical or manual rather than academic. Trustee Rudy Rendius thought that such classes would be popular with parents and pupils.

CHRISTADELPHIANS
The Bible declares that there is only one God and only one mediator between God and man. At His first appearing, Jesus possessed exactly the same nature as those for whom He was appointed by God to mediate (being without personal transgression). He was perfect in character and by perfect obedience to God, even unto death. He is able to save to the uttermost. 1 Tim. 2: 5, Heb. 2: 17, 18, Heb. 4: 15, Heb. 5: 7-9.

AURORA PAID CIRCULATION
EXCEEDS 300 COPIESBRIDE AND GROOM
TAKE PLANE TRIP

The marriage of Evelyn Marie Sanderson, eldest daughter of Mr. and Mrs. Nelson Sanderson, Claremont, and John Francis Duncan, R.C.A.F., son of Mrs. Frank Duncan, Newmarket, and the late Mr. Duncan, was solemnized Jan. 29 in St. Clare's church, Toronto, with Rev. F. S. Mahoney officiating.

The bride wore a street-length, powder blue ensemble with lace trimming and a corsage of talisman roses. Mrs. Edward Vollum, sister of the groom, was matron of honor, and wore a brown bengaline suit dress with matching hat, mink scarf and a corsage of sweet peas. Edward Vollum was best man.

For travelling, the bride donned a violet sheer wool dress with black accessories. The couple left for Buffalo by plane.

ETHEL SHERIDAN
IS WED AT NASSAU

On Saturday, Jan. 15, at the Presbyterian manse, Nassau, British West Indies, Ethel Louise Sheridan, daughter of Mr. and Mrs. A. M. Sheridan, Newmarket, was united in marriage to Filt-Sgt. Clarence Fisher, son of Mr. A. N. Fisher, Aurora, and the late Mrs. Fisher.

Rev. Paul D. Ford officiated. The bride wore a street-length dress of white silk jersey on tulle lines. Her shoulder veil, caught to a halo, was sent from England by Mrs. Douglas Sheridan. Her corsage was red roses and she wore an airforce necklace, the gift of the groom.

The bridesmaid was Mrs. Mary Allen, Hamilton, who wore a street-length white dress and a corsage of pink roses.

Filt-Sgt. Percy Arscott was groomsmen.

The reception was held at the Royal Palm hotel by friends of the groom who were stationed there: Filt-Sgt. Percy Arscott, Australia, Filt-Sgt. John Allen, Hamilton, Filt-Sgt. P. Barton, Australia, Filt-Sgt. G. Brown, England, Pilot Officer R. L. Freeman, Toronto, Filt-Sgt. J. MacDonald, Scotland, Filt-Sgt. C. Brookes, Australia, Filt-Sgt. F. R. Latorski, Chiayo, Filt-Sgt. K. G. French, Stratford, and Filt-Sgt. Thompson, Ottawa. They presented the bride with a Pervana silver bracelet.

IS SOCIETY DIRECTOR

Lieut.-Col. Thomas Dann has been appointed a director of the Men of the Trees society. The organization is concerned with reforestation problems in Ontario.

TWENTY-THREE
THIS WEEK

It seems we should have all been there on Thursday at Georgetown when the local boys met the Brampton hockey team in a return match. The score was still against us, so this game was no different than the last in this respect but there was lots to do, so they tell us.

This weather is all right for the war effort and for the saving of coal and all that but can nothing be done on Thursday nights to give us in fair condition for the first period but after that it got sticky.

The play was ragged and the heavier Brampton team had the advantage which they made good use of right to the end. Marleau went into the nets for Newmarket in the second period and did a good job on his first attempt. Jack Wheeler will need a skin graft as in the first period of play he lost most of the skin off his face.

An unfortunate accident happened in the second period when defenceman Bacon suffered a fractured skull. It seemed as if the jinks or the bad gremlins were camped on the heels of No. 23, for a few minutes later centreman Callanan left the game with what looked like a fractured wrist, now understood to be a bad sprain.

A lively evening drew to a close with the final score of nine to two in favor of Brampton. At the end of the first period the score was six to nothing. At the end of the second Newmarket gained two goals. By the end of the game Brampton had added three more to their total. Sgt. Major Stewart was coach, with Capt. Pote Kerr managing and L.-Cpl. Davies training. Lieut. Bacon and Callanan are recovering.

Cpl. J. E. Abbott (Jack for short) of the unit post office has been seen combing his hair, brushing his teeth and straightening his tie now that Pte. C. Dohy has been added to his staff. Jack has carried on nobly since October, 1941.

Nearly 30 girls from our C.W.A.C. went to Barrie Thursday evening to attend a dance held by D. & M. 433, C.A.C.T.R., Camp Borden. The girls tell of having a good time with a splendid drive there and back. In the morning their theme song was "Oh How I Hate to Get up in the Morning."

WIN EUCHE PRIZES

SERVING AURORA AND DISTRICT

When Motorist Breaks Arm
Constable Completes Trip

William Mundell, Sr., Wells St., had the misfortune to break his left arm and sustain severe bruises as he swerved his car to avoid striking a woman and dog who suddenly appeared across the road in front of him on Friday night near Bond Lake.

Mr. Mundell had taken three Aurora boys to Richmond Hill

to play for Hill juniors against Markham and was on his way to Aurora to get two pairs of skates left behind when the accident happened. The Mundell car crashed heavily against a wall and was badly damaged. The skates were delivered to the game by Provincial Constable Alex. Ferguson.

Buy Equipment To Save
Town Sewers From Roots

Reporting for the streets committee, Reeve C. E. Sparks recommended purchase of \$1,173 in equipment for cleaning out blocked sewers.

Mr. Sparks said that there were tree roots growing into the sewers and blocking them. It would cost more than the price of this equipment just to dig up and replace the sewers on one street, he said.

Councillor Dr. Crawford Rose asked if the equipment would be useful for branch sewers going into private homes. Clerk A. C. A. Willis said not, that the equipment was for use from manhole to manhole. "We already have equipment for branch sewers if they run straight," he said.

Councillors Thomas Swindle and Rod. V. Smith spoke of sewers backing up and flooding cellars during a storm.

"We have attached too many

storm sewers into the sanitary sewers," said Deputy-Reeve A. Cook. "That is the cause of the backing up during storms."

"What other work has the streets committee to do this year?" asked Mayor Ross Linton.

"Not a great deal," said Mr. Sparks.

"Sewers look like the main thing," said Mr. Swindle, also a member of the streets committee.

"This is a lot of money," said Mayor Linton.

"I would be prepared to cut down even on sidewalk construction to do this," said Mr. Swindle.

"Does it mean that we would have to do without sidewalks?" asked Councillor A. N. Fisher.

"No, we spent \$3,000 last year," said Mr. Sparks. "This is only a third of that amount."

The council gave approval to the expenditure.

VISITORS WIN

At the hockey match played at the local arena on Tuesday evening between Midland and St. Andrew's college, Midland emerged victorious by a 5-4 score.

FIRE ALARM SYSTEM
WILL BE AUTOMATIC

Total receipts at the Aurora arena have been \$725 so far this year, in addition to charge accounts of \$250, Clerk A. C. A. Willis reported to Aurora town council on Monday evening. Expenditures have been \$373.

Net profits are divided equally between the town and Leslie Beazer, the manager.

"He has done a fine job," commented Councillors Dr. Crawford Rose and Robert Thomson.

The Bank of Montreal advised the council that the interest rate on town borrowings would be four percent instead of four and a half.

A report from the fire brigade, presented by Councillor A. N. Fisher, listed essential expenditures and recommended a hydrant on Ross St. The council waited for information about the cost before approving the hydrant.

Mr. Fisher presented recommendations from the water and light superintendent, Chas. Copeland. A report stated that a 15-horsepower motor, driving one of "the big fire pumps," was running practically 24 hours a day five days a week.

"Before long this pump will have to be replaced with a new one, as it is badly worn," Mr. Copeland wrote. "A new pump of the centrifugal type could then be installed to work automatically and more efficiently."

The council will discuss this proposal at its next meeting. Another recommendation from Mr. Copeland was that the fire alarm system should be made automatic, at a cost of \$150 and \$3 a month for a telephone. A telephone call would automatically sound the alarm on the big bell and ring the firemen's bells in their own homes. The council approved the proposal.

The council received and paid its first bill from the new Hydro-Electric commission, amounting to \$320 in January.

"We could take out some lights or reduce the strength of some lights," suggested Mr. Willis.

"There is no use of having the town in darkness when the power is off-peak," said Deputy-Reeve A. Cook.

"We have 100 to 200 more lights than comparable towns," said Mr. Willis.

GIRL GUIDES MEET

The 1st Aurora Girl Guide company held its first meeting Tuesday evening at the home of Mrs. C. R. Boulding. Twenty-two girls were present. The meeting was conducted by Mrs. R. G. Hunter, Toronto, a visiting captain. Announcement was made by Mrs. David Ouchterlony, captain of the Aurora company, that a meeting would be held in the high school auditorium Wednesday evening, Feb. 16, at 7:15 o'clock.

WITH THE FORCES

Pte. Earl Sherman, R.C.A.M.C., Sherbrooke, P.Q., is spending a furlough with his parents, Mr. and Mrs. Nelson Sherman.

Word has been received from overseas that Harry Lavender of Vandroff, who is in Italy with the 1st Irish regiment, has been promoted to the rank of corporal.

LAC Francis ("Slim") Powell, Dunnville, spent the weekend in town.

Tpr. Douglas Cameron, Camp Borden, spent the weekend with his parents, Mr. and Mrs. William Cameron.

Sgt. Bill Moran, Camp Borden, spent the weekend at his home. A recent arrival overseas was Lieut. Margaret Ball, R.C.A.M.C., daughter of Dr. S. S. Ball, Stouffville, and well-known in Aurora.

Pte. Charles Case, Barriefield camp, is confined to hospital with pneumonia. His condition is reported as progressing favorably.

Sgt. Tommy Bartlett, C. Coy., 2nd battalion Queen's York Rangers, has been transferred to A Coy. of the reserve unit.

Major H. C. Cox, a former padre of the 2nd battalion, Queen's York Rangers, and for a few months chaplain at Newmarket, has been posted to Brockville C.O.T.C.

Word has been received by relatives that W. W. ("Bill") Harrison, a former employee of Aurora dairy, is now in Sicily.

Bill Smith, son of Mrs. Margaret Smith, Spruce St., and a former employee of the Collis Leather Co., is now on active service with the Canadian navy.

Pte. Jim Gilchrist, Aurora R.C.O.C. depot, has been transferred to Simcoe. Jimmy played a prominent part in sports at the Aurora plant, being secretary of the soccer and softball clubs, and secretary-treasurer this winter of the Aurora town hockey league.

Pte. Wilson MacMain, son of Mr. George MacMain, Tyler St., returned home on leave last week. "Mickey" was a member of the Canadian force which landed at Kiska in the Aleutians. He is with the Rocky Mountain Rangers.

Filt-Sgt. Clarence Fisher has been transferred from service in the Bahamas to Montreal, P.Q.

A-Major John Cullen Clarke has been wounded in action, according to word received by his wife, Mrs. Evelyn Beverley Clarke, Bond Lake.

RE-ELECT OFFICERS

The officers of the cemetery board were re-elected at a meeting held in the old council chambers Wednesday afternoon. The board for this year is: J. F. Walker, chairman, J. B. Craig, J. F. Willis, W. J. Knowles, G. W. Baldwin, Dr. C. J. Devins and C. E. Lundy.

MISS LOIS LOVE IS SECRETARY.

Members of Elma Rebekah lodge met on Monday evening at the home of Mrs. M. L. Andrews for a sewing bee.

ALL TEAMS NET TWO
IN DOUBLE DEADLOCK

With a good crowd in attendance and enthusiasm running high, Aurora town hockey league got under way Thursday evening. Mayor Ross Linton iced the puck for the opener and wished the four teams a successful season.

Aurora towners, garbed in red and white sweaters, hooked up with Ordinance Depot in the opener. The teams were as even as two peas in playing ability. The first period was a hectic affair, with both teams hitting a fast clip. Mike Emiglio, soldier centre, snared Conboy's pass to beat "Ginger" Pugh at 8:12. Four minutes later Johnny Sullivan evened the count on a nice play, White giving him the rubber in close. Towards the end of the period tempers rose a bit.

The second period went scoreless with both goalies brilliant. Herb Farley drew cheers at 3:00 in the final session as he beat Pugh after a three-play passing attack with Al. Dunstall and Chambers. At 10:20, as a result of a prolonged ganging attack, Johnny Sullivan got his second counter of the night to knot the count. Whitey Jones was the pay-off passer.

Stewart Patrick refereed the game in fine style. For Depot Herbie Yake, Emiglio and Chambers were tops. Sullivan, White and "Mickey" Sutton, the Richmond Hill junior trio, excelled for the town, with County Constable Aub. Fleury showing good form in his first game.

R.C.O.C.: goal, Herbie Yake; defence, Jack Lockhart, Bob Walsh; forwards, Mike Emiglio, Harry Chambers, Norm. Goodhead; subs., Archie Conboy, Bill Trent, G. Cook, "Frenchy" Trepanier, Leon. Sonoski, Herb. Farley, Harry Martin, "Red" Canning.

Aurora: goal, "Ginger" Pugh; defence, Harry Sutton, Doug. Case; forwards, "Whitey" Jones, John Sullivan, "Mickey" Sutton; subs., "Red" Rose, Clark Trent, Norm. Rank, Aub. Fleury, Gene Rose, Ted Cameron, Harry Sutton, "Shorty" Sutton, Art. White, "Bub" Preston.

Zephyr and Vandroff Tie Zephyr led by Max Urquhart, wearing blue and white sweaters, held the favored Vandroff team to a 2-2 tie. Bob Peters, Newmarket reminder of other years, had hardly got settled in his cage before "Barney" Hood blasted one past him from close in.

That one stirred the northerners to action and Ken. Pickering was finally rewarded after "Nibs" Saigle had made several fine saves. Hood again gave Vandroff the lead at 5:10 in the second period, Herb. Simpson in this period did some yeoman service for the Whitchurch boys.

In the final period, featured by some fine play by the first line of Ivan Clark, Ches. Lunney and Ken. Pickering, the Zephyrites were finally rewarded, Pickering again doing the honors. From there on Bob Peters kept an eager Vandroff team at bay. Herb. Holman handled the whistle well.

Herb. Simpson, "Duke" Dennis, Barney Hood and "Nibs" Saigle looked a shade best for Vandroff, with Pickering, Lunney, Cain and Peters heading the Zephyr effort.

Vandroff: goal, "Nibs" Saigle; defence, "Duke" Dennis, Herb. Simpson; forwards, "Barney" Hood, Doug. Nigh, Norman Nigh; subs., Harry Eade, Harold Botham, Clarence Foote, Eddie Hoover, Jake Baker, Walter Patterson, Garnet Patterson, Bruce Preston, Walter Hoover.

Zephyr: goal, Bob Peters; defence, Stanley Lunney, Austin Cain; forwards, Ivan Clark, Ches. Lunney, Ken. Pickering; subs., Gord. Rynard, Jack Johnson, Charlie Scott, Morley Smalley, Molson Meyers, Allan Dixon, Doug. Meyers, Jack Heaton.

FARMERS FLOCK TO
MECHANICS' COURSES

The York county short courses in farm mechanics have just been completed. According to W. M. Cockburn, Newmarket agricultural representative, the average for the 11 classes each day was approximately 75, with the highest attendance again being at Stouffville, where 152 were present for the second day of the course. In all 853 registered for one or both days.

The general comments of those attending and the fact that the second day always showed an increased attendance indicated the popularity of the work. The staff consisted of Floyd Perkins, Richmond Hill, Aubrey Handshaw, Sunderland, who unfortunately was unable to attend all the courses on account of illness, G. J. Breckenridge, assistant agricultural representative, and Mr. Cockburn.

Classes were held at Pefferlaw, Vandroff, Sharon, Belhaven, Etonville, Agincourt, Stouffville, Vellore, Thistleton, Kettleby and Nobleton.

PLAY TONIGHT

With all four teams tied, Aurora town leaguers will swing into action again tonight. In the opener Herb. Holman's Ordinance team will meet Harold Botham's Vandroff farmers, starting at 8 p.m. In the second game Aurora and Zephyr will clash.

SATURDAY IS SALVAGE
DAY FOR AURORANS

Next Saturday Aurora citizens are being asked to put out paper and rags early, so that they may be picked up by the salvage trucks. There is a serious shortage of these articles for the manufacture of ammunition and paper containers, and those who have not yet done so are urged to get their bundles ready now. The need is urgent.

LITTLE FELLOWS SHINE
BUT THEY DON'T WIN

St. Andrew's College midgets opened their O.M.H.A. season in Bolton last Friday when they dropped a hard-luck 7-5 decision to the Etobicoke mites.

The game was hard fought all the way with both Loblaw, in the winners' net, and Montgomery, Andrean custodian, having plenty to do and doing it well. Howto, Dalzell and McKelvey looked good for the winners with McKenzie, Medland and Frey best for the losers.

S.A.C.: goal, Montgomery; defence, W. R. Howson, Heit; centre, Frey; wings, Medland, McKenzie; subs., Shields, Chipman, Davis, Hall, Scholfield, Allen, McInnis.

NEW TOWN PROMOTION
COMMITTEE SET UP

Aurora board of trade will sponsor an ice carnival and frolic with school boys and girls taking part, and proceeds going to some good cause, Councillor Rod V. Smith, chairman of the sports and publicity committee of the Aurora town council, stated at a council meeting on Monday evening.

The board of trade is acting on a suggestion from the council committee, Mr. Smith said. The committee has also extended invitations to certain county organizations to hold events in Aurora. Mr. Smith reported, and members of the committee had attended meetings of the York County Holstein Breeders' Association, the Aurora Agricultural Association and the Aurora Horticultural Society.

The council passed a by-law providing for the establishment of the sports and publicity committee. The sports and publicity committee "shall assist in any reasonable way in the organization of sports and in bringing about a better community life in the town, and shall take whatever means of advertising as may appear reasonable and necessary to interest people and industries to locate in the town of Aurora."

The post-war planning committee will co-operate with dominion, provincial and county governments "in working out ways and means of re-establishing the men of the services on their return after the war and, in general, to assist in creating work for all and formulating plans for better social and living conditions after the war."

Doctor Councillor Voices
Public Desire For Nurse

Mayor Ross Linton read to Aurora town council on Monday evening a report from the board of health recommending the establishment of a public health clinic and medical and dental inspection of school children. The council held the report for study at its next meeting.

Councillor Dr. Crawford Rose, chairman of the welfare and sanitation committee of the town council, "served notice" that his committee would take action toward securing a public health nurse for the town.

He recalled that the council committee a year ago had a meeting with the town's four doctors. "Two doctors spoke strongly against a public health nurse, and it was reported that the doctors were against having a nurse," Dr. Rose said.

"I have had a great many representations made to me that one thing that this town needs, and that any town needs, is a public health nurse," Dr. Rose said. "And the doctor that is opposed to having one has something to cover up."

"There is work to do, examination of children in the schools, helping of mothers, and I am

strongly for it," said Dr. Rose. "So many people have asked me about it that I feel that I have about it."

"The provincial department of health trains these nurses and they do not interfere with the practice of medicine at all."

"I'd like to voice my opinion on the laxity of quarantine," said Councillor Rod. V. Smith. "Children with communicable diseases, including whooping-cough, are in the schools. Children with mumps are out a week before they should be. Quarantine cards are not put up when they should be."

"Absolutely," agreed Dr. Rose. "There were 300 cases of scarlet fever last year and 275 of them were diagnosed as having strep. throats."

"I find in my work healthy-looking children who have defects that their parents know nothing about," said Councillor Thomas Swindle.

"We are away behind in these things," said Mayor Ross Linton. "May I say to Mr. Smith that any doctor is up against a difficulty in diagnosing whooping-cough," said Dr. Rose. "Scarlet fever is a different matter."

Aurorans Read Over 25,000
Books, Mrs. Devins Retires

After 18 years of faithful service, seven years of which she spent as chairman of the board, Mrs. C. J. Devins has retired from Aurora public library board, due to pressure of other activities.

As yet no successor has been appointed. Wilfred Adams has been named chairman as well as convenor of the adult book purchasing committee, Delroy Babcock is convenor of the juvenile book purchasing committee, while Miss Marjorie Andrews is again secretary-treasurer as well as librarian.

Other board members include William Coleman, Dr. J. L. Urquhart and Mrs. George Baldwin.

The past year saw a total circulation of 25,643 books with 937 subscribers. This was an increased circulation of nearly 1,000. The board spent a total of \$642.16 for books and periodicals. Biggest increase in circulation was among juvenile subscribers, who took out a total of 9,853 volumes. Adult non-fiction showed 3,266 books used, while adult fiction amounted to 12,524.

An exhibit of Canadian books was shown during the year and increased the interest in Canadian literature. War novels and non-fiction books dealing with the war proved popular with readers, Miss Marjorie Andrews, the librarian told The Era and Express.

Barrie Lions Look Well,
Play Well, Win Handily

Showing superiority in every department and looking good despite soft ice, Barrie Lions, 1943 Ontario juvenile B champions, racked up their third straight win of the '44 campaign by trouncing St. Andrew's College firsts 8-0 on Saturday afternoon at Aurora arena.

While Barrie had the better team the Andreans were unlucky on many occasions, and a bit more polish would have made them dangerous, as territorially they had their share of the play.

Murray Richardson, smooth centre of the Lions, along with defenceman Don. Clark, were stand-out performers. Wynne and Montgomery were brilliant for St. Andrew's in defeat.

Barrie: goal, Strachan; defence, D. Clark, Cook; centre, Richardson; wings, Nixon, L. Clark; subs., Needham, Balfo, Loucheud, Laking, Marshall, Robinson, Harris.

S.A.C.: goal, Montgomery; defence, Kennedy, Brington; centre, Wynne; wings, Macaulay, Donoghue; subs., Culbert, McKenzie, Noid, Medland, Frey.

ATTEND CONVENTION

Aurora was well represented at the North York Progressive-Conservative convention in Newmarket on Saturday with 21 delegates present and many more as spectators.

IS COMMITTEE CHAIRMAN

Mrs. Thomas Dann is chairman of the Aurora consumer branch of the wartime prices and trade board committee fighting inflation.

FORMER "SAINT" HONORED

M. G. Griffiths, former director of athletics at St. Andrew's College and now on the athletic staff at the University of Toronto, has been elected president of the Royal Life Saving Society for Ontario.

MIDGETS ARE DEFEATED

Etobicoke midgets scored their second successive win over St. Andrew's college midgets at Aurora arena on Monday to take over the group leadership. The issue was never in doubt, Etobicoke winning handily by an 11-2 margin. Rich Howson of the winners tallied three times and Chipman got both the St. Andrew's goals. The Andreans went down fighting hard.

WITH THE CHURCHES

Members of the evening auxiliary of Aurora United church are holding a pot-luck supper in the church parlors this evening. The parochial guild of Trinity Anglican church met at the rectory on Tuesday evening.

Aurora Boy Is Home To
Remuster For Air Crew

Home from overseas to remuster for air crew is LAC Alex. Stuart, youngest son of Mr. and Mrs. John Stuart, Alex., a graduate of Aurora high school, was employed with the Bank of Commerce at Markham before enlisting in 1942.

He went overseas during the same year and for most of his time overseas was stationed in London, where he saw many Aurora boys. He is glad to be back for a short stay at home but is keen to take up his aircrew training and return overseas. A brother, Lieut. William Stuart, was wounded in Italy a few weeks ago but is mending rapidly.

DOES WAR JOB

John Stuart, former Aurora boy and eldest son of ex-Councillor John Stuart and Mrs. Stuart, has been appointed to take charge of the war savings stamps campaign of the food division for Ontario.

GIVE INSTRUCTION

In preparation for March ceremonies, good-sized confirmation and church membership classes are being held each week by Rev. Canon F. J. Fife of Trinity Anglican church and Rev. Roy Hicks of Aurora United church.

The United church classes for students are held each Monday at 4:15 p.m. at Aurora high school and on Thursday at 7:30 for those unable to attend in the afternoon. Both churches hold classes on Tuesdays at St. Andrew's College.

IS A JOURNALIST

Miss Mary Bowman, former editor of The Quill, Aurora high school paper, who is now attending University of Toronto, is a member of the staff of the Toronto Varsity this year.

BUY SCHOOL PIANO

Trustees of S.S. 22, King, (Eversley), have purchased a piano for the school, replacing the organ which has been in use for many years.

DOWN THE CENTRE

Danger looms on the horizon for other teams in the intermediate O.H.A. group as the fourth place Tech. and Schools team, now playing an improved brand of hockey, strengthen for the home-stretch drive.

Glen Brydson, former Montreal Maroon and Chicago Black Hawk star, has been added to the team and, despite the fact he has not played for the past few years, should be, with the benefit of military training, soon back in his stride again. Brydson, who is a west Toronto boy, is now 33 and weighs around 190 pounds. He joined Maroons in the season of 1930-31 and stayed in big-time company for eight seasons before going to the minors. He shoots right-handed and his experience will be an asset to the board of strategy.

"Hub" Macey, who two years ago was with New York Rangers, is another addition to the team. Macey, whose real name is Hubert, comes from Big River, Sask., and is but 23. He is five feet eight inches in height, weighs around 180 pounds and shoots left-handed. He showed considerable promise with Lester Patrick's team and in intermediate company should really fly. Both Brydson and Macey were originally members of the provost corps.

Bill Thome, according to the latest word available, is now up and around. He has been advised by his physician that he will be able to play next season again, which is good news indeed for his many friends. If the war lasts, however, it may be a bit doubtful if the N.H.L. continues to function.

Many of the players, including "Dit" Clapper, have volunteered for service but were turned down under the old physical standards, only to be called up by the American draft board. If not taken by the Canadian army they are almost dead certain to be inducted into Uncle Sam's forces. The calibre of professional hockey, as any who have seen the teams play know, is away below par this season and if many of the bigger stars are taken, the league might as well fold up so far as the average fan is concerned.

Ralph Webb, former golf professional at the Aurora club, has at last come into his own with the announcement of his appointment as manager-secretary-professional at the Scarboro club, one of the best golf clubs on the Ontario horizon. Webb replaces Bob Gray, who is headed for active service. Webb, after leaving Aurora, took over the Pine Point club, where he did a swell job.

Pat Flanagan, the well known professional wrestler, has joined the R.C.A.F. and is now A.C. Flanagan. At an R.C.A.F. boxing and wrestling match last week in action against "Whipper" Billy Watson in an exhibition bout, which provided a good deal of entertainment, although the spectators were pretty well kept to the vagaries of the mat game. Curiously enough, Watson is really Pat Flanagan, the two boys exchanging names in England when on tour there. Referee for the occasion was Phil Lawson, who is Watson's manager. It is a mystery to all concerned how the boys can take the heavy going without injuring themselves.

No. 1 C.A.C.T.R. visits Newmarket arena this evening. In their first meeting Newmarket won 13-4, but the Borden boys have improved since then and need a win.

"Duke" Ashton, of South Porcupine, is guarding the portals for the Borden team and is one of the best in the group.

Lieut. Alan Kuntz, one of the best players these eyes have seen, heads the defence (and for that matter, the offence, too) forces. Kuntz played amateur for Kempenville and Guelph juniors and then turned professional with New York Rangers. He was with the Rangers the same time as the Colvilles, Shibley and "Sugar" Jim Henry played and knows all the tricks. Unfortunately he has not had much support from the rest of his mob, but has turned in some terrific one-man performances.

Connie Hill, bespectacled defence man, hails from Sudbury, where he played junior hockey. He also performed for Guelph juniors and the University of Illinois.

Alex. Munroe of Melita, Man., who played on the western junior B champs of last year, also is available, along with Lieut. A. Teoli, Montreal, P.Q., who has had previous junior experience. Phil Walters, of Sarnia and Windsor Riversides, along with Johnny Herford, former Redman, are two of the better forwards.

Alex. Simons of Madawaska, Ken Linton of North York A.C. and Aurora juniors, "Scottie" Clark of Noranda intermediates and Gordon Lawson, of Windsor Riversides, are all capable of turning in smart performances.

Larry Tallefer, Valleyfield, P.Q.

Joe McDonald of Charlottetown junior Royals, Bill Smith of Portage la Prairie juniors and Brown, May and Sparks are ready for duty. Sgt. Ralph Peppy of Ottawa directs traffic from the bench. The team colours are blue and white. Lack of practice facilities rather than the quality of the players has been responsible for the lowly position of the boys from No. 1.

Brampton "dood it" again, downing the Redmen last week by a 10-2 score in Georgetown to firmly grip the top rung. In the group, that the Bullets can be held in tow and perhaps beaten was indicated last week when the lowly No. 3 Grizzlies laid down a heavy checking barrage from which the Bullets were lucky to emerge with a 4-2 win.

Johnny Callanan, ace left-winger of the Redmen, cracked heavily into the boards after tangling with burly Vern Ayres and early reports indicated serious injury to his wrist. The loss of Callanan at this stage would be severe to the Redmen, for smiling John has been one of the mainstays of the team and is one of the best players in the group.

Walker Zaid, speedy right-winger of No. 23, and Lieut. Lila Bend, former New York Ranger, now playing for No. 2, are the only top-flight marksmen who have appeared on each and every scoring sheet in the games played. Bend was in rare form last week against the unlucky Orillia team, as he sent home nine goals for a group record.

Austy Baker, former ace winger of Markham juniors, who holds the rank of pilot-officer with the R.C.A.F., graduated from the instructors' school at Pearce, Alta., last week.

Doug Hope, former netminder for Middlebrook's Aces and Pine Orchard softballers, is taking training at Oshawa R.C.A.F. centre these days.

Newmarket camp is expected to play senior hardball or at least intermediate A next spring and to enter Canadian Baseball Congress tournament, which proved a big success last year. It would be a smart move for the camp to make.

Max Bentley, ace scorer for the Chicago Black Hawks, is again up with the leading scorers this time for Calgary army in the Alberta garrison league.

"Red" Gillespie, former Milton junior star, finished fourth in the Toronto garrison scoring race, while Neil Morrison, who played on the first Newmarket camp team and is now with district depot, finished in fourth position.

Charlie Hemstead, well-known North York racehorse owner and former backer of Markham juniors, was elected a director of the Canadian Thoroughbred Horse society recently. Frank Selke, maestro of Toronto Leafs, whose race stables just south of King City are known as King-Ridge farm, was elected president. Jack Bowser made a nice gesture the other day when he gave new red sweaters to the Aurora town team in the Aurora mercantile league. With the players available, the boys are not likely to disgrace them either. The teams will be known as the A.B.C.'s.

Bob Peters came out of alleged retirement to guard the twin cottage for Zephyr the other night and is still the same old smoothie another night in the Brampton-T and S wing game. Whether or not any further disciplinary action will be taken is not known at this time. The suspension follows the report of Referee Ernie Wortley, when Lieut. Bacon of the Newmarket team was struck over the head and suffered a severe head injury.

Joe Cooper, former New York Ranger and last year with army Commandos, is performing for provost corps in the same group. Bridges Greighton, last year with Aurora Ordnance, is playing an improved brand of hockey this winter as a member of the No. 2 C.A.C.T.R. team.

Thirty was written to the career of one of Newmarket's most famous athletic native sons last week with the death of Jack Kelley at Brantford. Mr. Kelley was 35 and in the latter part of the last century and the early part of the present was one of Canada's greatest lacrosse players. When playing days were over he turned to the promotion of the game and for two years was president of the Canadian Lacrosse association. Wherever the older sports fans gathered the name of "J. J." Kelley was revered both for his ability, fighting spirit and generosity.

A hand for those responsible for the organization, the guiding and general all-round good performance of the Junior Redmen of Newmarket this winter. Off to a late start, with the best of last year's good juveniles on active service, the kids tried hard all the way. Hard luck lost them their first two starts, each by one goal, and after that the greater experience of teams like Markham and Navy told the story. Over two dozen players were tried out over the season to strike a winning combination, a situation hardly calculated to get results in a short season. When Wheeler, in his short time at the helm had little chance to get the boys over the hump. Boys like "Barney" Pearson, Murray Jelley, and Hermy Easterhouse definitely have a future in hockey and come next season, if the war doesn't take too heavy a toll, the Redmen will be heard from. Whittier, who put the quietus on the Redmen, were able to get practice on artificial ice during the mild spell and that gave them the necessary margin.

Navy officials, after dropping Bill Armstrong from their line-up and using him in senior company, have either released on their decision or the other clubs have withdrawn

Vandorf

objections, for he performed in the last two games of the group schedule. There is, of course, no real reason why Armstrong shouldn't play for Navy. He's of junior age and on active service.

Orillia has been granted a bye into the juvenile playdowns and will meet the winner of the local group, who, unless a miracle happens, will be the Barrie Lions. These juvenile Lions trimmed Newmarket juniors early in the season and appear to be a class by themselves, although St. Andrew's and Midland may improve.

As a result of an incident in the Brampton camp-Newmarket game at Brampton last Thursday, the O.H.A. have issued a two-game suspension to player Eugene ("Joint") McComb, ace forward of the Brampton Bullets. McComb sat on the sidelines against Orillia on Monday night and will not see action tonight in the Brampton-T and S wing game. Whether or not any further disciplinary action will be taken is not known at this time. The suspension follows the report of Referee Ernie Wortley, when Lieut. Bacon of the Newmarket team was struck over the head and suffered a severe head injury.

The Pattern of Democracy

YOUR WHOLE LIFE is a thread in the democratic pattern.

You have seen the design sturdily woven out of the common aims and joys and cares of the common man and his loved ones.

You have seen it made secure by the co-operation of liberty-loving people who labour and save and fight for their own protection and peace of mind.

IN YOUR LIFETIME, too, you have seen the strong pattern of life insurance spring from the same close interweaving of individual interests for the common good. The people have built it for the people. And the government, expressing the will of the whole people, supervises it in the common interest.

THE GREAT AIM and end of democracy is to produce equal opportunities for all. And in life insurance this aim is realized.

Every owner of life insurance shares with every other the unfailing protection which their pooled savings provide.

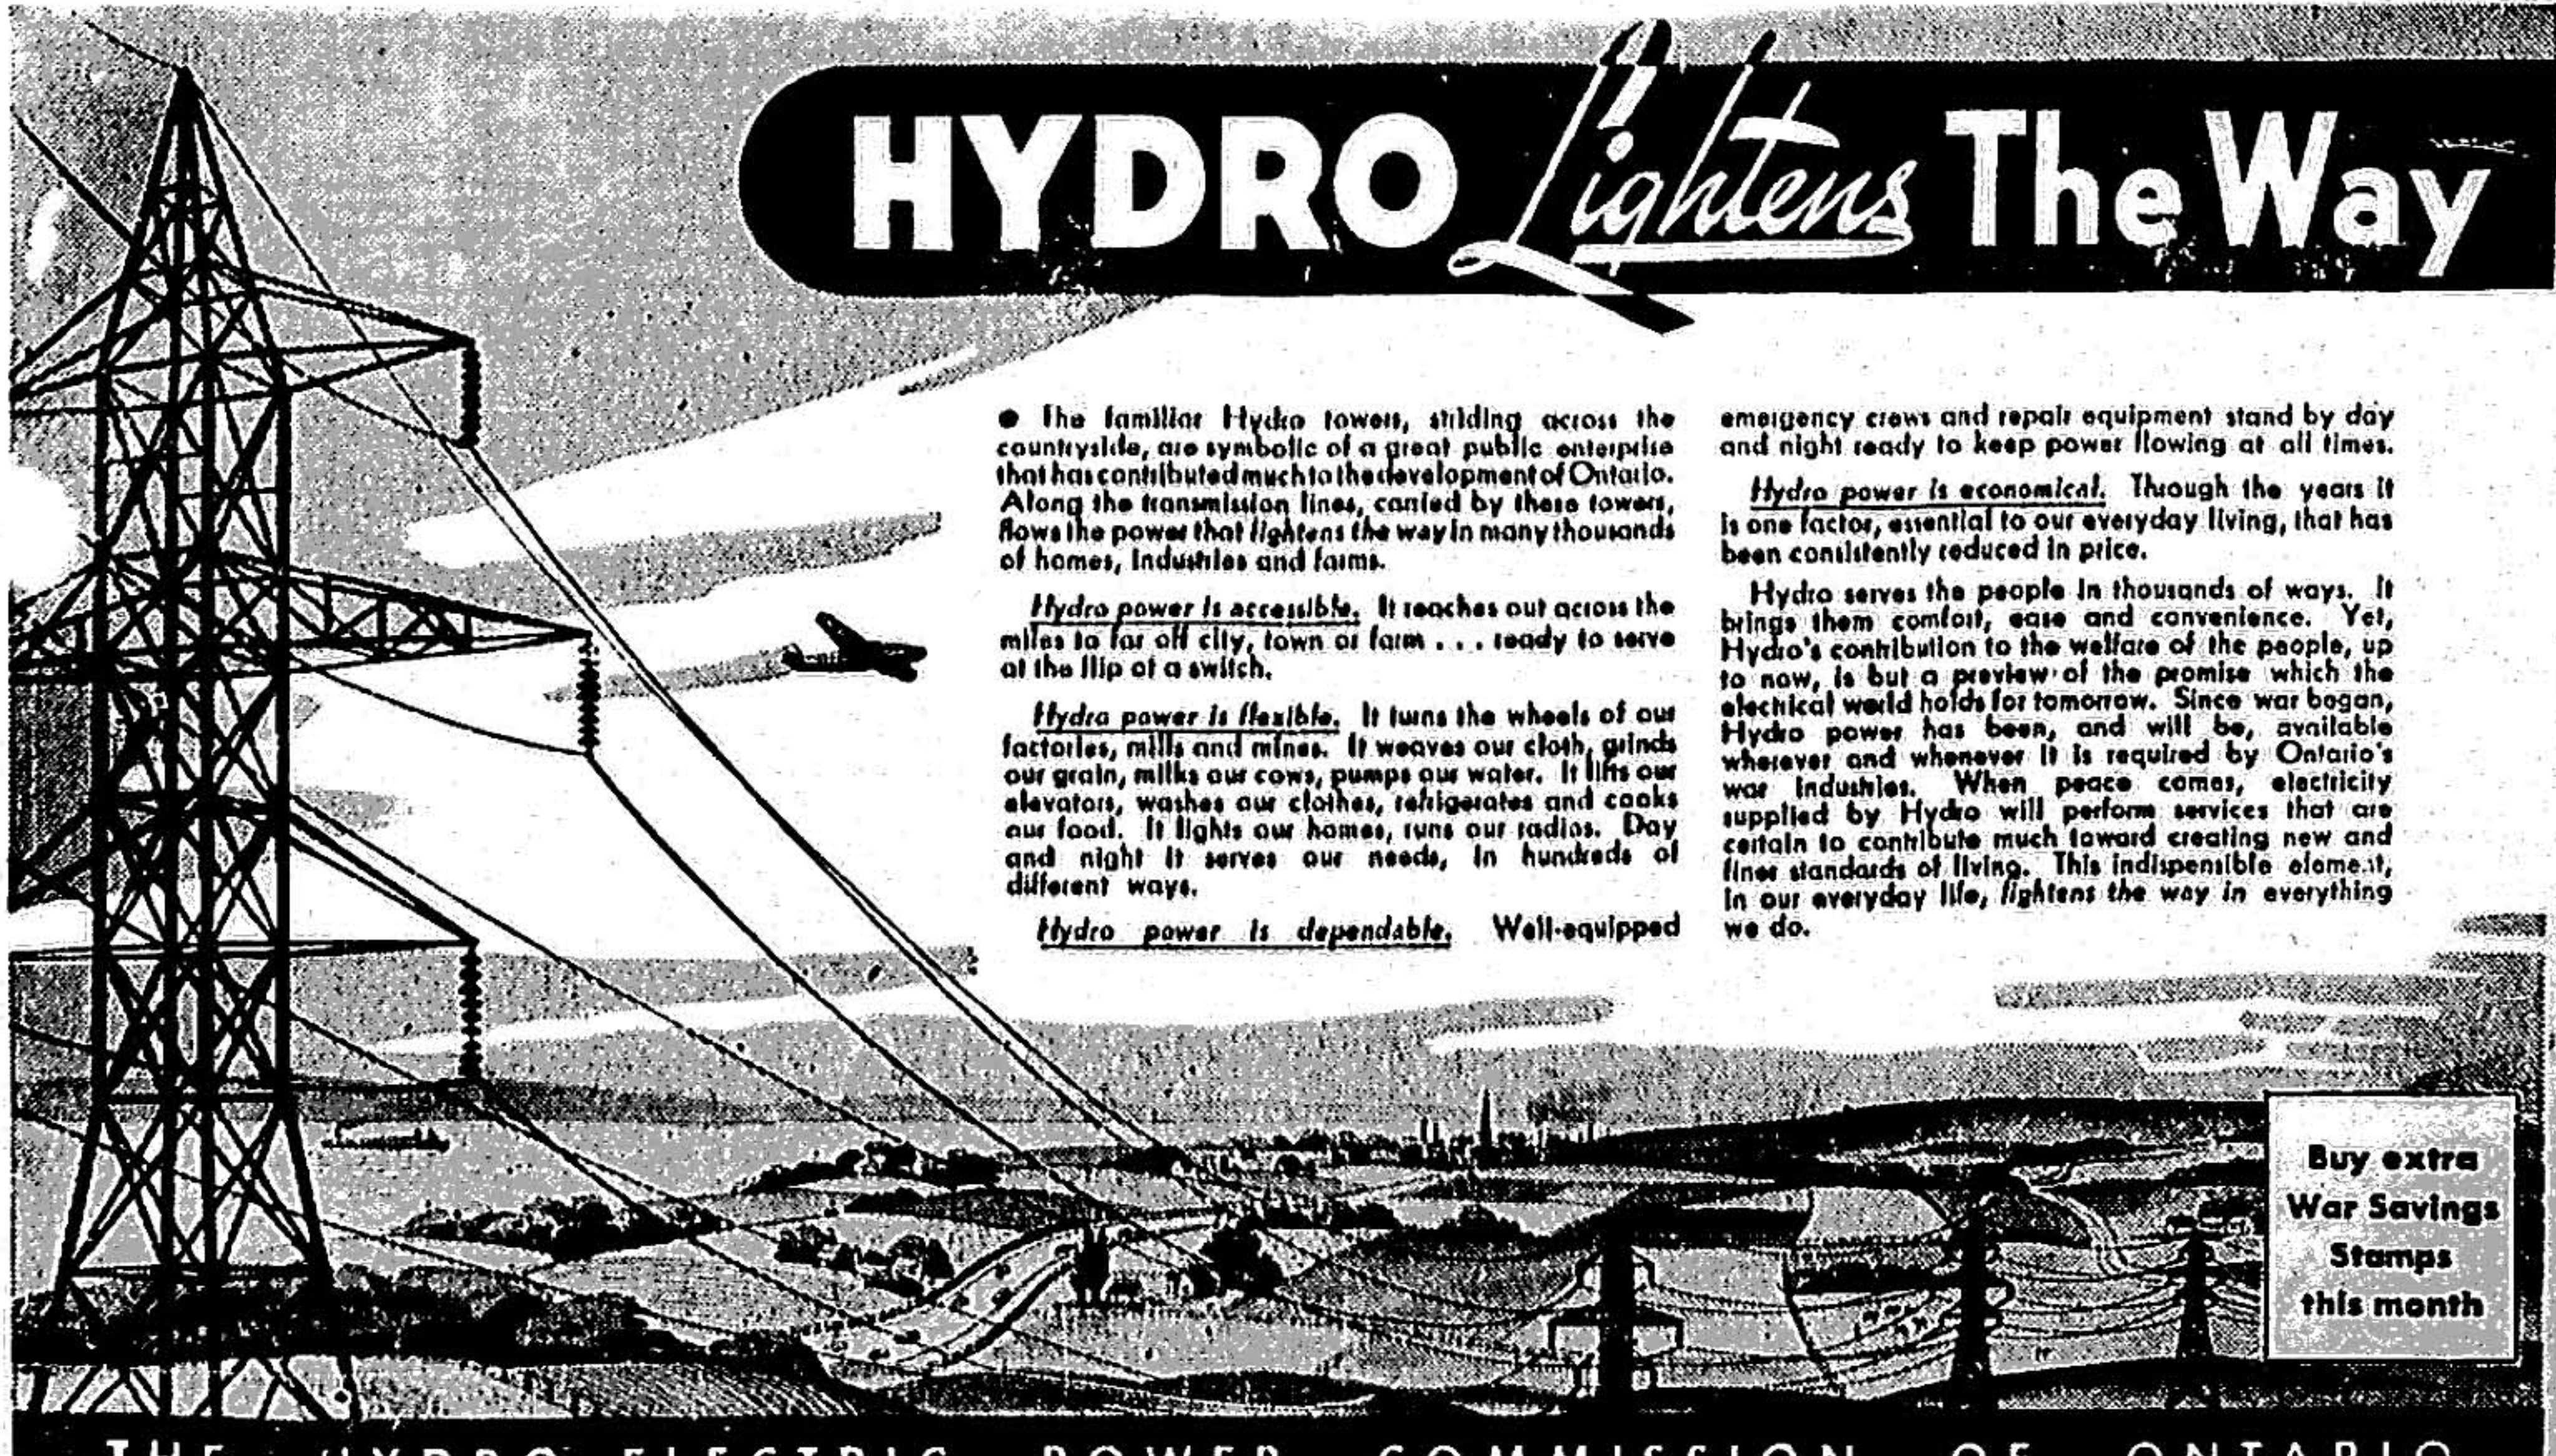

By no other method can the small policyholder and the large enjoy the immediate peace of mind which comes to those who plan their own future according to their own means.

It is good citizenship to own Life Insurance "The People's Business"

HYDRO Lightens The Way

The familiar Hydro towers, striding across the countryside, are symbols of a great public enterprise that has contributed much to the development of Ontario. Along the transmission lines, carried by these towers, flows the power that lightens the way in many thousands of homes, industries and farms.

Hydro power is accessible. It reaches out across the miles to far off city, town or farm... ready to serve at the flip of a switch.

Hydro power is flexible. It turns the wheels of our factories, mills and mines. It weaves our cloth, grinds our grain, milks our cows, pumps our water. It lifts our elevators, washes our clothes, refrigerates and cooks our food. It lights our homes, runs our radios. Day and night it serves our needs, in hundreds of different ways.

Hydro power is dependable. Well-equipped

emergency crews and repair equipment stand by day and night ready to keep power flowing at all times.

Hydro power is economical. Through the years it is one factor, essential to our everyday living, that has been consistently reduced in price.

Hydro serves the people in thousands of ways. It brings them comfort, ease and convenience. Yet, Hydro's contribution to the welfare of the people, up to now, is but a preview of the promise which the electrical world holds for tomorrow. Since war began, Hydro power has been, and will be, available wherever and whenever it is required by Ontario's war industries. When peace comes, electricity supplied by Hydro will perform services that are certain to contribute much toward creating new and fine standards of living. This indispensable element, in our everyday life, lightens the way in everything we do.

POCKET-WISE MR. BROWN IS STARTING RIGHT WITH ALL 3

... with Good CHICKS, Good FEED, Good SANITATION

This year of ALL years, it's just good poultry sense to start with GOOD chicks, GOOD feed, GOOD sanitation. It's sound money sense, too, to demand the most you can get for your dollars. That's why we say...

- Buy Our QUALITY CHIX**
Hatched RIGHT from selected, high-producing flocks. They've got what it takes to develop into big, fast-growing pullets.
- Insist on STARTENA**
Only 2 pounds of this nationally famous starting feed gives it a chick a head start to a big, thrifty, profitable layer.
- Rely on CHEK-R-TABS**
The only poultry water tablet which acts as a disinfectant, bowel antiseptic and fungicide. Easy and economical to use.

MOUNT ALBERT

Receipts Of Church Amount To Over \$5,000

The annual meeting of the United church was held last Wednesday evening, when about 60 sat down to a pot-luck supper which was much enjoyed. The financial summary of the church receipts was as follows: church treasurer, \$3,394.49; church school, \$260.80; missionary and maintenance fund, \$482.65; W.M.S., \$226.15; W.A., \$305.73; Y.P.S., \$53.86; Y.M. Bible class, \$86.10; the Cheerio group, \$450.21; C.G.I.T., \$20.80; Trail Rangers, \$15.34; M.B. and Busy Bees, \$16.04; United church deficit fund, \$112; making a total of \$5,019.17.

Mr. Albert Madill and his son, LAC Douglas Madill, Mountain View, have returned after spending a week with Mr. Madill's son-in-law and daughter, Dr. J. A. McTaggart, D.Sc., and Mrs. McTaggart, Dover Del. Pte. A. Cook, Long Branch, has been on furlough at the home of his sister, Mrs. Sam. Harper.

The world day of prayer will be observed at the United church on Friday, Feb. 25, at 2.30 p.m.

Those who did not attend the service on Sunday morning at the United church, missed a fine boys' service. The Trail Rangers, with their leaders, D. Harwood and Grant Ferguson, took the service. Mr. Harwood explained the aims and teachings of the boys' work and reminded parents that boys looked to their fathers as an example and it was up to them to come to church and bring them when they are young as they are the future citizens.

The C.G.I.T. girls and their leaders will be in charge of the morning service at the United church on Sunday, Feb. 20.

Spr. Murray Case, Petawawa camp, has been home on leave for a few days.

Mrs. Moore and Miss Gertrude Moore, Toronto, spent Sunday at the home of Mr. and Mrs. W. R. Steeper.

Cpl. Frank Ross of the postal corps, Ottawa, was home for a few days this week.

Pte. and Mrs. Harry Draper and Wayne have been at the home of Pte. Draper's parents, Mr. and Mrs. W. Draper, for the past week.

Blood donors are being asked for. Anyone wishing to be a donor is asked to give their name to Mrs. W. L. Carruthers.

The Red Cross unit of Mount Albert will hold its annual meeting in the board room on Monday, Feb. 14, at 8 p.m. Reports of the work will be given and the election of officers for the coming year will take place.

There will be a salvage collection of rags and paper in the township the week of Feb. 21. Paper and rags are both needed badly.

Pine Orchard

There was a good attendance at the club Friday night. The meeting opened with the president, Mrs. R. Armitage, in the chair. The minutes were read by Ray Lundy. Letters acknowledging parcels sent by the club were received from Pte. Bert Jones, Sgmn. Harry Greenwood and Bdr. Fred Woodhouse, all with the Canadian army in England. Pte. Albert Hunter, Henry Jones and O.S. Roy Pyle and LAC Delbert Dike in Canada.

After the business was concluded Mrs. Jas. Hope took charge of the program. After community singing, Wesley Lundy gave an interesting talk on Russia. W. McCallum was the editor of the Enterprise. An interesting discussion on community improvements was led by Fred Reid and Mrs. B. Dike. Some of the improvements suggested were community cold storage plant, apple sprayer, park and tennis court, canning equipment, workshop and horticulture society.

Committees were appointed to bring in reports on several improvements.

Aleta Widdifield conducted a contest.

The next meeting will be Girls' night, on March 3.

Mr. and Mrs. Bruce Reid and John, Toronto, visited Mrs. J. Reid and Mr. and Mrs. Fred Reid last Sunday.

Newspapers, old magazines, cardboard, wrapping paper, rags and metals may be left at Murray McClure's garage, corner of the fourth concession, for the salvage collection, Feb. 11 and 12.

Magazines and books are being collected by school children for the Navy League. Residents are asked to kindly leave their reading material at the school or give it to the school children.

Donald and Beth Johnson were Friday supper guests of Mr. and Mrs. W. McCallum.

Mrs. W. Lundy and Ray spent Monday with Mr. and Mrs. Joel Woodcock, Newmarket.

Mr. and Mrs. Fred Reid spent Sunday with Mr. and Mrs. E. Roffey, Markham.

Tpr. Leonard Wagg, Newmarket camp, was a weekend guest of Mr. Sam. Gibney.

There was a good attendance at the Willing Workers pot luck dinner at the home of Mrs. Leslie Harper on Wednesday. The regular meeting was held in the afternoon. Mrs. A. Tucker led in prayer. The scripture was read by Mrs. Harper.

An interesting talk on missionary hymns was given by Mrs. Ralph Willis. The meeting was closed with prayer by Mrs. A. Colville.

Two quilts for missionary work were completed.

Mrs. Albert Ridley and Mrs. Alvin Ridley, Snowball, were guests at dinner and for the meeting.

Mr. and Mrs. Jas. Coltham, Newmarket, were Sunday guests at the Reynolds' home, Cedar Valley.

Sharon

Mr. and Mrs. H. J. M. Rothschild and Miss Audrey Rothschild, Toronto, visited Mrs. Austin Doan Haines on Saturday.

Town Of Newmarket

NOTICE OF A PROPOSED BY-LAW FOR STOPPING UP A PORTION OF CONCESSION STREET AND FOR SELLING THE SOIL AND FREEHOLD OF THE PORTION OF THE STREET SO STOPPED UP.

TAKE NOTICE that at a meeting of the Municipal Council of the Corporation of the Town of Newmarket to be held on Monday, the sixth day of March, 1944, at 8 p.m., consideration will be given by the Council to the passing of a proposed by-law to stop up that portion of Concession Street in the Town of Newmarket described as follows:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Town of Newmarket, in the Township of Whitelchur, in the County of York, being composed of part of the Road Allowance between Concessions 1 and 2 in said township, and which said parcel is more particularly described as follows:

COMMENCING at a point in the southerly limit of Huron Street distant thirty-three feet three inches (33' 3") measured westerly thereon from the easterly limit of said Road Allowance. THENCE southerly parallel to the easterly limit of said Road Allowance, four hundred and sixty-five feet (465') more or less to the westerly production of the southerly limit of Lot 6 according to a plan filed in the Registry Office for the north riding of the County of York as number 125. THENCE westerly along the westerly production of the southerly limit of said Lot 6, thirty-six feet three and one half inches (36' 3 1/2") to the westerly limit of said Road Allowance. THENCE northerly along the westerly limit of said Road Allowance, four hundred and sixty-five feet (465') more or less to the southerly limit of said Huron Street. THENCE easterly along the southerly limit of said Huron Street, thirty-six feet three and one half inches (36' 3 1/2") to the place of beginning.

At the said meeting the Council will hear in person, or by his counsel, solicitor, or agent any person, who claims that his land will be prejudicially affected by the by-law and who applies to be heard.

DATED at Newmarket this 10th day of February, 1944.

N. L. Mathews, Clerk.

Holland Landing

There will be a salvage drive for paper and rags beginning Monday, Feb. 21. This drive is to be conducted by the East Gwillimbury branch of the Red Cross in conjunction with the township council. —a message to policyholders

Life insurance services that have been of the greatest benefit to the public. The modern life insurance agent or representative is much more than a salesman. He is a trained and skilful counsellor and sound professional adviser.

... that the investments of the life companies can stand the closest scrutiny.

... In respect to government regulation and supervision, no business has been or could be subject to more careful or impartial scrutiny than the life business in Canada. The Department of Insurance at Ottawa is manned by a staff of highly trained, experienced officials. No department has been freer of political bias. These men have leaned backwards in their independence, and have been utterly fearless in the conscientious performance of their duties. The Insurance Act, though passed by Parliament and sponsored by the Minister of Finance, in effect is largely the creation of these highly trained, professional advisers of the Minister, whose concern is the welfare of the policyholders and the preservation of the good name of the business. Nor should we fail to mention the additional supervision provided by the various provincial and foreign Departments of Insurance, under whose jurisdiction our companies happen to come. Our insurance laws, both federal and provincial, are as modern as skill, experience and impartial judgment can create in the interests of the public.

... Along with thousands of other policyholders in this and other companies, you have a vital stake in everything that life insurance stands for. Those who are at present advocating the nationalization of the life companies are not, we believe, primarily concerned with whether the companies are well or poorly conducted. If they are to succeed in socializing industry, and in expropriating all means of production, they must first have access to the savings of the people—your bank deposits, your equity in your life insurance and other savings. The fact that you are an owner of a life insurance policy is proof that you have saved and have planned, and that you have exercised your God-given privilege to safeguard your savings according to your best judgment. Are you willing to jeopardize what you now have for a promissory note in the fantastic belief that the maker of the note is better able to manage your affairs than you are yourself, or that his professed altruism can take the place of your enlightened self interest?

FEATURES FROM THE SIXTY-THIRD ANNUAL REPORT

"So far as the Company is concerned, there have been guiding principles that have contributed greatly to our progress and success. Our affairs have been managed at a moderate rate of expense with a definite trend towards reduction in recent years. Constant effort has been made to keep our plans of insurance and annuity contracts up to date with the result that our field force is in a position to offer the best that ingenuity and experience can devise for the ever increasing and complex needs of the insuring public. The results of the year are a clear indication of the increasing confidence placed by the public in the insurance business, and in a special sense reflect the high opinion that our own Company has so justly earned."
